PROFESSIONAL SUMMARY

Driven Computer Science student specializing in Artificial Intelligence, Data Science, and User Experience, with hands-on experience in developing practical solutions to real-world problems. Experienced in building applications that enhance functionality and user experience, and eager to contribute skills while growing professionally.

SKILLS

Technical Skills

- **AI & Data Science:** Machine Learning, Deep Learning, NLP
- **Tools and platforms:** GitLab/ Git Hub, Power BI
- **UI/UX :** Figma
- Frontend Development

Soft Skills

- Presentation Skills
- Teamwork
- Communication
- Networking
- Integrity

PROJECTS

Yangkhor Intelligent HelpDesk Chatbot

AUG - DEC 2025

Role: AI Model Developer

- Developed an AI-powered helpdesk chatbot with human escalation capabilities, handling ~80–90% of routine queries and significantly reducing manual intervention.
- Implemented LLMs, NLP, RAG, embeddings, and sentiment analysis to enhance response accuracy and contextual understanding.
- Collaborated closely with web teams to follow BTFN guidelines and ensure the system scales efficiently with new documents and data.

Jangkha: AI-Powered Numerical Learning Web

FEB - JUNE 2025

Role: AI Model Developer

- Developed an AI-powered Dzongkha numerical learning app, achieving up to 99.13% accuracy using the MobileNet-V2 model.
- Designed interactive lessons using AI to recognize and respond to student inputs with high precision and real-time feedback.
- Integrated gamification and adaptive feedback systems to personalize learning based on user performance and engagement.

Druk Brain Scan	<i>FEB - JUNE 2024</i>
Role: UI/UX Designer	
- Designed the user interface and experience for Druk Brain Scan, an AI-powered tool to detect brain tumors, achieving up to 95.8% test accuracy (VGG16 model). - Focused on creating an intuitive and developer-friendly interface to simplify interaction with AI outputs. - Collaborated with developers to ensure seamless integration of tumor recognition insights into the application.	

Grab&GO	<i>FEB - JUNE 2023</i>
Role: UI/UX Designer and Frontend Developer	
- Designed the user interface and experience for Grab&GO, a web application that helps you to order takeaway foods. - Focused on creating easy interface for developers. - Developed an easy user interface for users.	

EXPERIENCE

Internship Experience

Interned at Bhutan Telecom Limited, Thimphu	<i>JANUARY 2026</i>
- Gained hands-on experience working across key telecommunications sections, including Customer Access Network Section (CANS), National Network Operation Centre (NNOC), and Radio Access Network (RAN). - Developed practical knowledge in network operations and management, customer service, IT support, GPON systems, and last-mile internet and Wi-Fi connectivity.	
Interned at GovTech Bhutan, Thimphu	<i>JULY 2025</i>
- Integrated Dzongkha NLP models to enable translation, speech recognition, and text-to-speech functionalities. - Developed a responsive frontend using HTML, CSS, JavaScript, and web APIs, with support for .pdf and .txt files.	
Interned at Yangkor Private Limited, Thimphu	<i>JUNE- JULY 2024</i>
- Gained hands-on experience in AI, data visualization, and real-world project workflows. - Developed skills in Power BI by creating a data visualization report on eCMS.	

LEADERSHIP & ACTIVITIES

Leardership Experience

PRJ 301 Team Lead	<i>FEB -JUNE 2025</i>
- Led a team of five in the design and development of Jangkha, an AI-powered web application for learning Dzongkha numbers. - Implemented core features using deep learning models to provide personalized and adaptive learning experiences for users. - Strengthened hands-on experience in web development, collaboration, and project management throughout the project lifecycle.	

Class Representative

FEB- JUNE 2023

- Served as a Class Representative, acting as a liaison between students and faculty while helping coordinate academic activities and address student concerns.
- Facilitated clear communication by conveying important announcements, feedback, and updates

Clubs and Extracurriculum Activities

AUG 2023-JUNE 2024

Exco of DevForge (Treasurer)

- Served as Treasurer (EXCO) of DevForge Club for two semesters.
- Maintained accurate records of club budgets, expenses, and financial transactions.
- Monitored and tracked attendance of members during club activities and events.
- Ensured transparency and accountability in all financial matters.
- Strengthened organizational, documentation, and collaboration skills.

Volunteer

Disabled People's Organization of Bhutan

SEPT 2025

- Volunteered with the Disabled People's Organisation of Bhutan in preparation for Disabled People's Day fundraising event.
- Assisted in designing and developing engaging games to be used during the event.

TEDxThimphu

MARCH 2026

- Supported event operations and coordination, ensuring smooth execution.
- Gained insights from diverse speakers and contributed to a high-impact event experience.

Competitions & Events

- Participated in National Startup Weekend under the theme "Cultivating Conscious Innovation: Merging Emerging Technologies with Mindful Development Practices"

MARCH 2025

INTERNATIONAL EXPERIENCE

Exchange Program

NOV 2025

- Participated in GCIT SPARK International Students Programme in Singapore for a week
- First overseas immersive learning experience at Nanyang Polytechnic (NYP)
- Attended Business Innovation & Entrepreneurship class
- Company visit to SQREEM Technologies → insights into AI & big data for human behavior analysis
- Company visit to A*STAR → exposure to real-world research and innovation
- Built international friendships and cultural exchange with NYP students
- Enhanced understanding of technology, entrepreneurship, and global collaboration

EDUCATION

Bachelors Degree in Computer Science (AI & Data science)

AUG 2022-JUNE 2026

- Gyalpozhing College of Information Technology
- Major Courses:
 - Natural Language Processing (CSA402)
 - Advanced Deep Learning (CSA401)
 - Deep Learning (CSA301)
 - Machine Learning (CSA203)
 - Data Visualization (CSA202)

High School

2021-2022

- Karma Academy, Paro
- Pure Science

CERTIFICATE

- | | |
|--|-----------------------|
| • AWS Academy Cloud Foundations | <i>AUG - NOV 2024</i> |
| • Foundations of User Experience (UX) Design | <i>FEB 28 2026</i> |
| • Start the UX Design Process: Empathize, Define, and Ideate | <i>MARCH 4 2026</i> |
| • Build Wireframes and Low-Fidelity Prototypes | <i>MARCH 7 2026</i> |
| • Conduct UX Research and Test Early Concepts | <i>MARCH 15 2026</i> |
| • Create High-Fidelity Designs and Prototypes in Figma | <i>MARCH 28 2026</i> |
| • Build Dynamic User Interfaces (UI) for Websites | <i>APRIL 5 2026</i> |

PROFESSIONAL DEVELOPMENT

Workshops and seminars

- | | |
|---|----------------------|
| • Attended 3 days of 3 rd Australian-Bhutan Research Conference | <i>NOV 2025</i> |
| • Attended Day 2 of the AI for Development Workshop hosted by the Royal Government, UAE , G42, Eurasia Group and GovTech. | <i>JULY 16, 2025</i> |
| • Attended the Bhutan Human Development Report 2025. | <i>MAY 28, 2025</i> |

LANGUAGE

- Dzongkha (Native and fluent)
- Sharshop (Mother tongue and fluent)
- English (Fluent)
- Nepali (Elementary level)
- Hindi (Elementary level)
